# Developing Your Relationship With God Qualities of Divine Truth

#### Introduction

Who believes in "shades of grey" or "white lies?"

Emotional issues with quoting from the Bible

My experience with Pilate in the 1st century "The Truth will set you free!" John 8:32, John 18:33-38

Most people have an inbuilt desire for truth

When lies are presented, generally people have painful emotional responses

From the perspective of the Human Soul, all "truth" whether personal or absolute, is emotional

#### Personal Truth

Personal "Truth" is what we personally emotionally accept as the "truth"

Personal "Truth" can become Absolute Truth if we grow towards God

Personal "Truth" is often very limiting, and often binds or entraps us

Personal "Truth" is often error from God's perspective, and is based upon fear

Personal "Truth" is emotional, and is painful to release if it is in error, pleasurable if truthful

#### Divine Truth

Absolute Truth is the Truth that only God has, the Divine Truth

Divine Truth or Absolute Truth has Qualities or Attributes

Anything presented as "truth" can be compared to these attributes to determine whether they are God's Truth Divine Truth enters the soul emotionally

#### Fear & Pain

The Truth ---- Fear scale

The Pleasure ---- Pain scale

The Desire --- Apathy scale

We only accept truth emotionally when our pain is greater than our fear

We can remove fear with truth

We can remove pain with emotional processing

# Qualities of Divine Truth

# **Divine Truth Is Infinite**

Eccl 3:11: "God has put time indefinite into our heart"

God possesses Absolute Truth, and since God is infinite, Absolute Truth is also infinite

No single creation of God knows all of the Absolute Truth, and never will

Step 1 Find the Truth about God and connect to God emotionally

Step 2 Find the Truth about myself and connect to myself emotionally

Step 3 Find the Truth about others and connect to others emotionally

Step 4 Find the Truth about the universe and be overwhelmed emotionally

Mat 6:33: "Seeking first God's Love, all other things will be added to you"

Fear always wants personal "truth" to be fixed

# Divine Truth Is of Itself, A Thing Apart, And Admits of No Variations Or Modifications

Personal "truth" is, and must be changeable, always adjusting to conform to God's Truth Fear always dictates to hold onto personal "truth" at the expense of receiving Divine Truth

God's Truth is never updated, since it has been and will always be Truth

Once we receive God's Truth into the soul, if it is the Absolute Truth, it will never need modification Eg. Truth of Law of Aerodynamics, always existed, but man did not understand until recently

# Divine Truth and Love Are Always In Perfect Harmony, and Without Truth, Love Cannot Be Complete

Any Love is not really possible without Truth

Divine Love cannot flow into the soul without being in harmony (in that instant) with Divine Truth If Divine Love stops flowing into the soul, the cause is our being out of harmony with Divine Truth Eg. The Holy Spirit, the conduit for Divine Love, is the Spirit of Truth

# Divine Truth Does Not and Cannot Compromise, Even For The Sake Of Peace

Since God's Truth is unchangeable, God does not change it to suit men, even for the sake of peace Bitter anger and hatred based emotions are caused by emotional opposition to Divine Truth A person in truth will not compromise for the sake of peace, but will always be peaceful To compromise would result in being out of harmony with Love, and therefore with Law The presence of Divine Truth often exposes many unloving emotions in others Eg. When sitting down and talking to a person with arm around them about their unloving actions

# Divine Truth Itself, With All The Power And Knowledge That It Has As Its Foundation, Will Not Compel A Man To Accept It Against His Will

We can make a personal stand for Divine Truth and Divine Love, but can never fight for Truth or Love Due to the laws of Free Will, God will never compel a person to accept Divine Truth or Divine Love Personal "Truth" is fallible, and often is "fought" for because of emotional injuries Wars, hatred, envy, anger are all the result of a person wanting to compel others to accept "their" truth If we fight for "truth", we walk away from truth and love, and the more painful our life becomes

### Divine Truth Will Never Accommodate Itself To The Beliefs Of Men

God does not change His Truth to suit mankind's wants

Divine Truth can never be modified to suit what man believes

Eg. 6th sphere, still 1000's of religious forms or worship of God

Men who want to hold onto personal "truth" do not really love God, or understand God

#### **Divine Truth Results In Freedom**

The Laws of Divine Love completely free a person from error, and therefore from pain The Divine Truth sets you completely free

Often untruth causes us to stay in unloving situations (such as an abusive relationship) Even death is not an obstacle

Eg. Divine Truth about death entering the soul emotionally

#### **Divine Truth Results In A Fearless Existence**

Fear is the result of a person believing lies rather than the Divine Truth

Eg. The belief in eternal torment for the wicked

Eg. The belief that I died for your sins

Eg. The belief in reincarnation Karma

Eg. The belief that we must remain loyal to a certain belief system

If a teaching prevents us seeking more truth, then that teaching is not in harmony with Divine Truth

### **Divine Truth Does Not Hurt Anyone Or Anything**

The Divine Truth does not "hurt", it is emotional error, lies and deceit that hurt

If we reject "truth" because of potential pain, we are choosing to remain in emotional error

Pain results from the exposure of emotional error by Divine Truth

If we release emotional error, hearing the Divine Truth will only bring us peace, happiness and bliss

Eg. A woman being told her husband has been sexually unfaithful

Eg. A person being told they are overweight

If we find the truth "hurtful" then we want to hold onto emotional error

We often feel the emotional pain of truth entering us, because of error we believe which hurts to release

Not being open and telling the whole truth always results in more harm and pain to the soul

There are emotional penalties for wanting to believe lies in order to avoid emotional pain

#### Divine Truth Does Not Allow The Lie, No Matter What The Price

A person in harmony with Divine Truth will not want to lie for any reason

If we want to lie for any reason, there is an emotional error within us that we are avoiding experiencing A person living in Divine Truth will not desire to withhold truth from others

Eg. If I know my friend is sexually unfaithful in a relationship, but the partner does not know

Eg. If I know something that will help a person emotionally process an error and I don't say it

A person living in Divine Truth will not make a decision affecting others Free Will

Eg. If I withhold Truth, I am making a decision for another person without them being aware of it If we project unloving emotions at a messenger of Truth, then we will have additional emotional injuries

# The Individual's Knowledge of Divine Truth Is Eternally Progressive

Since Divine Truth is infinite, and personal "truth" is limited, our knowledge will be eternally progressive If a religious form tells us it is the complete truth, then it is automatically in error and out of harmony Each person will grow emotionally, and come to accept new truth due to emotional error being released

# **Breaking The Law Of Divine Truth Results In Penalties**

God has made laws for the orderly maintenance of His Universe

Penalties immediately affect the soul acting in disharmony with Divine Truth and Divine Love Penalties result in pain and suffering of the soul, and affect the soul the instant a law is broken All laws have penalties on the soul, whether visible, or invisible they will always be felt emotionally

Eg. Law of gravity

There is a Law Hierarchy, with the Law of Divine Love being the highest Law

Eg. Law of gravity, Law of aerodynamics

# Personal "Truth" Must Be Faced Before Divine Truth Can Be Found

Personal "Truth" is a person's emotions, desires, intentions, feelings and beliefs If we refuse to feel personal "truth", then we will never be able to feel Divine Truth

If our personal emotion is in opposition to Divine Truth, then we cannot feel Divine Love completely

Eg. If I believe myself to be worthless and unlovable

Eg. If I believe that I am better than other people

Eg. If I believe I can keep breaking Divine Laws without penalty

Eg. A person suffering child abuse who refuses to work through the issue emotionally We cannot avoid the feelings of personal "truth" and at the same time receive the Divine Truth

# Personal "Truth" Must Be Eternal Progressive

Personal knowledge of Divine Truth (which is emotional and experiential) grows infinitely Personal knowledge of Divine Truth will always change (eg. experience of sex as we grow) If we fear change, then we will always struggle with Absolute Truth, and soul progression will stagnate

### **Divine Truth Is Demonstrated By Actions**

The truth about the condition of someone's soul is demonstrated by their actions

Coming to know Divine Truth, will always result in changes to our emotions, intentions and desires

Eg. Woman being abused by husband would realize that he must not love her if he beats her Divine Truth affects our thoughts and feelings, not just our actions

Eg. Anyone looking at a woman to have sex with her has already committed adultery in his heart Eg. Person saying want to give up smoking, but continues to smoke, has no intention to give up

#### Divine Truth Is Felt, it is Emotional

Divine Truth cannot be intellectually accepted

Divine Truth is an emotional experience, which results in permanent change

If any "truth" requires us to be devoid of emotion, then it cannot ever be the Divine Truth

Eg. My sacrificial death paying the penalty for the sins of mankind

All the soul's truth centers around emotions, desires, passions, appetites, and the love principle Divine Truth centers around God's Emotions, Desires, Passions, and Intentions, and His Divine Love We can only analyze a "truth" with our feelings when we have cleared our emotional errors

Eg. I believe someone telling me the truth is being unloving, then I have another emotional error
